

This is a lending library of seeds. You may borrow the seeds to grow your plants. Please consider returning some seeds from the plants to this library at the end of the growing season. This will help keep the seed library "growing" for many years for everyone to enjoy.

- You may take an entire envelope or just a few. Please only take what you think you'll use. We have empty envelopes if you need to separate some seeds. Don't forget to label!
- Please remember to "sign out" the seeds you borrow on the sign out sheet so we can keep accurate records of what we have.
- Please keep the seed library as neat as you found it!
- Feel free to share pictures of your plants growing on our facebook page @smythpubliclibrary
 - ENJOY!!!!!!
